

# I Know What I Want

## Cheap Trick

I've been around the world and met a million girls  
Still, I know I wanna be with you  
You've got more than anyone else  
And I want you more than anything 'Cause I know what I want, and I know how to get it  
I know what I want, and I know how to get it  
I know what I want, and I know how to get it from you, from you I knew I'd meet you, I had a dream about you  
We were walkin' hand in hand, we were talkin' 'bout love  
It was love at first sight when I looked into your eyes  
I was blinded by the feelings in my heart 'Cause I know what I want, and I know how to get it  
I know what I want, and I know how to get it  
I know what I want, and I know how to get it from you, from you I know, I know, I know  
I know what I want  
I know what I want  
I want it Well, you knew I'd meet you, you know I dreamt about you  
We were walkin' hand in hand, we were talkin' 'bout love  
Love at first sight, when I looked into your eyes  
I was blinded by the feelings in my heart I know you feel it, there's no doubt about it  
It's gettin' stronger every day  
It's a one in a million, I was shootin' for the stars  
You're the world's greatest lover and you're mine 'Cause I know what I want, and I know how to get it  
I know what I want, and I know how to get it  
I know what I want, and I know how to get it from you, from you And I know what I want, and I know how to  
get it  
I know what I want, and I know how to get it  
I know what I want, and I know how to get it
