

# A Dream

**Funker Vogt**

it all started with a dream  
two months like eternity  
and in spite of all the problems  
it was the best time of my life we had promised ourselves  
that trust and friendship last forever  
but these two tiny things  
have already been too much the second dream came way too soon  
promising an early end  
but there was a second part  
maybe a chance for a new start the first part is now fulfilled  
there wasn't anything I could do  
now I just do what I can  
to fulfill the second one no more trust, I was betrayed  
by a friend I thought I knew  
I have lost so much more  
don't know what to do  
and that single thought evoked  
a pained look behind closed eyes  
and I'll always wonder why  
my best friend would tell me lies
