Chasing After You

Citizens Worship

You are my lips can send my prayers
Donâ€™t let my heartbeat far from you oh God
You are the very breath of my soul donâ€™t let my heartbeat far from you oh God
Fire not stone your spirit lives within me you ignite my bones
And all that live within me will be chasing after you
I know your heart is longing, Iâ€™ll be chasing after you

You are my lips can send my prayers
Donâ€™t let my heartbeat far from you oh God
You are the very breath of my soul donâ€™t let my heartbeat far from you oh God
Fire not stone your spirit lives within me you ignite my bones
And all that live within me will be chasing after you
The world will live in longing, Iâ€™ll be chasing after you
And all that lives within me will be chasing after you

Thought he mountains may crumble into the sea
Though the world may fall down at my feet
Through the world of messing through the the violent sea
Your heart is on me yeah
Your heart is on me yeah
Your heart is on me yeah
Your heart is on me yeah

And all that live within me will be chasing after you
I know your heart is longing, Iâ€™ll be chasing after you
The world will live in longing, Iâ€™ll be chasing after you
And all that lives within me will be chasing after you
