Streets

The Apathy Eulogy

i oh i
sometimes it's time to
think about it
sometimes it's time to find time
it's not like you really lost it
like a lucky penny or your mind
a ghost of you is on her lips
a shattered glimpse of
when you'd play
leaving only silence
on another lonely day
but this is not the time
it's not the time to feel
you have your instuctions
now you better close the deal
step up i said step up
do you hear me
when i'm talking to you
i said step up you stupid little fool
too long in the game to not know
the rules
step up step up step up
don't even think about
thinking about
what you're going to do
step up step up no way
some dimple's
going to take you back to school
i oh why
i oh why
sometimes it's time to
think about it
sometimes it's time to find time
he may be her lucky penny
that she'll never get to shine
the streets between
them are melting
as he puts together the
bits of steel

he can still smell the
flowers she kissed
in a way that he could feel
but they sent you the money
her address and the day
and the usual intructions

the blow the mark away
step up i said step up do
you hear me
when i'm talking to you
i said, step up you stupid little fool
too long in the game to not know
the rules
step up step up step up
don't even think about
thinking about
what you're going to do
step up, step up no way
some dimple's
going to take you back to school
i oh i
i oh why
why oh why
why oh why
yes this is your body
yes this is your face
this is your truth
your hatred your disgrace
she may be a mirror
in jest of your mistakes
or a monster too
who could understand your place
she may be a mirror
she may be a mirror
she may be a mirror in jest
of your mistakes
she may be a monster
she may be a monster
she may be a monster
who could understand your place
step up i said step up do
you hear me
when i'm talking to you
i said, step up you stupid little fool

too long in the game to not
know the rules
step up step up step up
don't even think about
thinking about
what you're going to do
step up no way some dimple's
going to take you back to school
