Serpentine

dEUS

I'm caught in the flow of things
My memory's a broken machine
This is how my day begins
This is just one day unseenLet's do it serpentine any time
Let's do it right here
Let's do it serpentine, I don't mind
Let's do it right hereIs it bad that you're good for me?
Did I love you just randomly?
I'm caught in the flow of sound
And you're just some melodyLet's do it serpentine any time
Let's do it right here
Let's do it serpentine, I don't mind
Let's do it right hereThere's a cute little litany
Put it on my shoulder
Eight o'clock and we agree
It makes me look much olderOne, two, in fire
One, two, in fireGot my clockworks company
I got my dark green trench coat on
I'm sure it will always be
Someone staying and someone goneLet's do it serpentine any time
Let's do it right here
Let's do it serpentine, I don't mind
Let's do it right here
