Sad But True

Eric Lindell

Advisory - the following lyrics contain explicit language:

And I guess it's true
All the things you do
And all the things they say
About youIt's sad but true
Girl, it's sad but true
So many times I play the fool
And it's sad but true
Sad but trueAnd I know it's wrong
But I believe it true
And you carry on
Like a goddamn fool, yeahIt's sad but true
Girl, it's sad but true
So many times I play the fool
And it's sad but true
Sad but trueSad but true
Sad but true
Sad, sad but trueAnd it's sad but true
Girl, it's sad but
So many times I play the fool
It's sad but true
Girl, it's sad but true
