## The Relay Company

She's the type of girl that takes her time with everything  
Tracking her down, don't try to call, she's just gonna let it ring  
And when you take her out she'll make you buy the finest things  
Louis Vuitton, Dolce Gabban, kissing diamond ringsNo comparison

More power than the President  
She'll keep you coming back  
For more and more and moreYou're a D.I.V.A. ah ah  
Gotta you get you in my P.A.R.T.Y.Y.  
And I know that you be thinking that  
You've got everything so let me hear you say

"I'm the D.I.V.A. ah ah, you got nothing on me"She's the kind of girl who's fashion ain't just being late  
Dressing it up, killing 'em all, she's just gonna make you pay  
She's the queen of all the bees and there's no room for kings  
Wearing a crown, holding it down, red carpet royaltyYou're a D.I.V.A. ah ah  
Gotta you get you in my P.A.R.T.Y.Y.  
And I know that you be thinking that

You've got everything so let me hear you say  
"I'm the D.I.V.A. ah ah, you got nothing on me"Nose up, heals high, big show tonight, spotlight on you  
Cat walk, on fire, runway attire, all eyes on youYou're a D.I.V.A. ah ah

Gotta you get you in my P.A.R.T.Y.Y.  
And I know that you be thinking that  
You've got everything so let me hear you say  
"I'm the D.I.V.A. ah ah, you got nothing on me"  
(Cuttin' in line and junk, Mrs. President of the world)
