Advisory - the following lyrics contain explicit language:

Blackout

[Prevail]

prevail the merciless mercenaries of militants  
no resemblance to any other assembly's heritage  
despair will be the downfall of arrogance  
repairs will be necessary too much heavy damage  
counter intelligence spy craft flies past P's the aviators  
recesuitation reincarnation im the reanimator  
greater mind power than einstein genius and insanity  
we walkin that fine line talk about prime time exposure  
face remains poker overload the road to stardom like exploding supernovas  
maintain composure while there's ability violentory  
you hear the voice of a surgeon and wake up in an ambulance  
you're out of your element a graveyard of skeletons  
elephants in a caravan cross a mountain like hannibal  
light the fire in wicks make the air thick with cannonballs  
nothing that i cant resolve chemicals meant to dissolve[Mad Child]  
greed pain and torture lock this in my room  
im an insane sorceror (you're mad) what im sayin shane's forceful  
you dont wanna fuck with a vain cain corsal  
war mask on a chosen path you dont wanna laugh at this sociopath  
dont try to act hardcore you stay soft a unchained pitbull'll rip your face off  
backpack with an axe and a chainsaw mad child cracked imma grab what i came for  
masked bandit skimmed and branded (gunshots) smoke clears im the last man standin  
god blessed me with a gift, im so grateful bent out of shape but i still stay faithful  
purified poison, strength of gorilla mentally killa meant to be illa
