

# Maybe, Baby

Emilia

Oh, baby  
Oh, my baby  
Wanna be my baby  
YesBaby, when I think of you  
My whole world seems, seems so blue  
You make me wanna fly, wanna fly  
Like a great, big balloonBut honey, I've got a question for you  
Do you know the color of my soul  
Please get to know meAnd I'm hoping that maybe  
Do you wanna be my baby  
And if you do want me so much  
You gotta have that special touchAnd I'm hoping that maybe  
You wanna be my baby  
And if you do want me so much  
You gotta have that special touch  
And maybe, maybe, babyLet's go for a walk, you and me  
And maybe if we're lucky, we can see  
A star fall from above  
I know what I want, I think you know whatOh, baby that it will be you and me  
Taking this walk tomorrow  
'Cause it's you that I likeAnd I'm hoping that maybe  
Do you wanna be my baby  
And if you do want me so much  
You gotta have that special touchWell, if you're a tree, I'm a leaf  
And if you're Adam, I am Eve  
Like champagne has it's bubbles  
That's how you belong to meOh, maybe baby  
Do you wanna be my baby  
And if you do want me so much  
You gotta have that special touchOoh baby, ooh baby  
You wanna be my, wanna be my baby  
Oh, maybe, wanna be my baby, my baby, oh  
And maybe, maybe you could be my baby
