Hang Loose

Cabbage Patch Kids

Hang loose, like a swing on tree.
stay cool, like a fish in the sea.
Kick back! (dun dun dun dun)
It comes naturally.Your a kid and what your expected to be.

Chill out, (chill out?) Like an ice cream cone.
Relax, (relax.) This is a stress free zone
Lighten up. (Yeah sure)

There's so much fun to be done! And an old man's trouble might never come

One day we'll be old and grey. Worried and hurried and too many bill to pay. One day, but not right now. Now it's time for fun common and I'll show you how!

Hang loose (Hang loose) like a swing on a tree.
Stay cool (stay cool) like a fish in the sea.
Kick back! (Dun dun dun dun)
It comes naturally. Your a kid and that's what your expected to be-

We're just kids and what we're expected to be! (End)

(Sry if I missed anything >.<)
