

The Eyeball Mutiny

Ratcat

(S.DAY)

She said "It's over, this is the end."

That was just before her eyes,
jumped from her head.

Lying on the floor,
they grew arms and legs,
her eyeballs then ran away,
her body fell down dead.

Her eyes said
"We'll see you later,
We're going to see the world,
and I don't think that we'll be coming home."
