Your Da One I Onena Love

Color Me Badd

You're the one I wanna love
Can't live without your love
I'll always want you with me
I'll never let you down
Don't worry
'Cause there's no need for jealousy
I'll always be around, girl cause
I love lovin' you, I need you badd
Lady for you I'll do
Anything you want me to I'll do
Chorus
You're the one I wanna love (yeah- e yeah- e)
You're the one I wanna love (yeah- e yeah- e -yeah-e-yeah-e)
C'mon let me ride in the boat that your rockn' in
I wanna play in the world
When we're apart I could die to be with you again
That's how I care about you pretty baby, oh

Chorus
You're the one I wanna love (yeah- e yeah- e)
You're the one I wanna love (yeah- e yeah- e- yeah- e yeah- e)
RAP
Talkin' about the girl over there,she looks good
It's understood that she's a little on the wild side
I'd like to take away that fancy dress and look inside
If you know what I mean, call me obscene
If you wish, she's a dish and I'm not playin' cat and mouse
Let her come over to my house?..
And I'll keep that booty swayin'!
