

# Love Juju #2

## Somi

You came 'round and you cast your spell  
I won't look, won't touch or tell  
This is magicBlack skin, palm wine, long hair  
I feel like truth or dare  
Don't wake me if I'm dreaming  
This is magicNa wa o  
This is juju  
Na wa o  
This is juju  
They say it must be juju  
You're using juju  
They say it must be juju  
You're using jujuI can hear your heart beat slow  
Like shekere behind blindfolds  
This is magicDark chocolate, cowry shells  
Plantain and mango smells  
I swear my heart is screaming  
This is magicThey say it must be juju  
You're using juju  
They say it must be juju  
You're using juju  
Cuz I can't, I can't let go  
Each night I hear you callin'  
Cuz I can't, I can't let go  
Each time I'm deeper fallen
