English

-
I was walking again today and coincidentally saw you
You look like youâ€™re doing well as always
That familiar perfume and still I miss you
The smile you gave to me, oh yeah

You get into a different personâ€™s car, link arms with him
As you smile
I thought I was okay now, I thought I was fine
But

Still you, you, you, I havenâ€™t forgotten you
Still you, you, you, Iâ€™m still the same, yeah

Am I hurting? (Am I hurting?) I am hurting,
I donâ€™t know (I donâ€™t know), oh no yeah

Itâ€™s still you, just you, still you

Yo I still look at
Your photos in my phone and press delete
I contemplate whether to call you or not
Running out of breath is all because of you
I calm myself but it barely lasts ten minutes
Erasing the scribbles you wrote in my heart
I guess I donâ€™t want to yet, I donâ€™t want to erase you

I become your shadow, following you every day
With my exhausted shoulders
If I take a step closer, you take two steps back
I have no choice but to look at you

Still you, you, you, I havenâ€™t forgotten you
(only you)
Still you, you, you, Iâ€™m still the same, yeah
Am I hurting? (Am I hurting?) I am hurting,
I donâ€™t know (I donâ€™t know), oh no yeah
(Cause baby I say)

Itâ€™s still you (Itâ€™s still you),
Just you (Just you),
Still you (Still you)
(Cause baby I say)
Itâ€™s still you (Itâ€™s still you),
Just you (Just you),
Still you (Still you)

Am I hurting?
I am hurting, I donâ€™t know
Have I forgotten you?
I guess not, I keep thinking of you baby

Still you, you, you, I havenâ€™t forgotten you
(only you)
Still you, you, you, Iâ€™m still the same, yeah
Am I hurting? (Am I hurting?) I am hurting,
I donâ€™t know (I donâ€™t know), oh no yeah
(Cause baby I say)

Itâ€™s still you (Itâ€™s still you),

Just you (Just you),
Still you (Still you)
(Cause baby I say)
Itâ€™s still you (Itâ€™s still you),
Just you (Just you),
Still you (Still you)
(Itâ€™s still you, just you, still you)
