All Night Long

Brenda Cochrane

I can give you love
Baby don't you need me
I can give it to you all night long
I can give you love
Baby don't you need me
I can give it to you all night long
[Chorus]Baby all night long
I can give it to you all night long
Baby all night long
I can give it to you all night LONG
I can give you love
Baby don't you need me
I can give it to you all night long
I can give you everything
Anything you're wishing
I can make it so nothing is wrong

[Chorus]I can give you love
Baby don't you need me
I can give it to you all night long
I love the way you talk to me
In between the covers
Telling me how much I turn you on
[Chorus]And I love your car
And you're stereo too
And I love the way you walk
And the way you talk
You know I need you baby.....
All night long
[(Chorus) 2X]
