

My Honey's Loving Arms

Barbra Streisand

I love your loving arms
They hold a world of charms
 A place to nestle
 When I am lonely
 A cozy morris chair
 What kind of chair
 Is a maurice chair?
 One caress, happiness,
Seems to bless my little honey
 I love him more each day
When years have passed away
 He'll find my love
 Belongs to him only!

'cause when the world seems wrong
 He'll know that I belong
 Right in my honey's loving arms
 I love him more each day
When years have passed away
 He'll find my love
 Belongs to him only!
'cause when the world seems wrong
 He will know that I belong
 Right in my honey's loving arms
 I said my honey 's loving
 I mean my honey's loving arms,
 I mean my honey's loving arms...
