Sid Vicious Was Innocent

Guttermouth

Sid shot dope and then got drunk
he did it his was "punk"
he didn't have a problem
till he met that bloody cunt
Sid Vicious was innocent
they say he killed her it can't be so
the fucking queen should know
heroin and anarchy
ah ah ahah.....
innocent
it's not his fault that she died
he liked his chick fried
now his face is on my shirt
we won't forget his famous smirk
innocent!
