

# Sid Vicious Was Innocent

## Guttermouth

Sid shot dope and then got drunk  
he did it his was "punk"  
he didn't have a problem  
till he met that bloody cunt  
Sid Vicious was innocent  
they say he killed her it can't be so  
the fucking queen should know  
heroin and anarchy  
ah ah ahah.....  
innocent  
it's not his fault that she died  
he liked his chick fried  
now his face is on my shirt  
we won't forget his famous smirk  
innocent!
