

Pink Floyd Poster

Catherine

Since we said goodbye
All I want to do
Is stare
At my Pink Floyd poster
Dark side of the moon

I forgot how to smile
I forgot how to care
I forgot how to feel anything that's real
I forgot how to say I love you

Since we said goodbye
All I want to do, now
Is stare
Dark side of the moon

I forgot how to smile
I forgot how to care
I forgot how to feel anything that's real
I forgot how to say I love you
I love you

I forgot how to smile
I forgot how to care
I forgot how to feel anything that's real
I forgot how to say I love you
I love you, yeah
