## **Forever Blue**

## **Little River Band**

Sometimes I wish I was a sailor Way out on the stormy sea Far away from the city and all this miseryAnd I wish that I could tell you Just how much you mean to me No matter where I run to, I'll never lose your memorySometimes I close my eyes and drift away I can't forget the things I didn't say I chose a life that took me away from you And I will be forever blueWhen you wake up in tomorrow And I'm no longer by your side Just don't think too much about me And of the many times you've criedAnd wherever you may wander May good fortune be your guide Go find another lover One who'll never leave your sideSometime I close my eyes and drift away I chose a life that took me away from you And I will be forever blue
