# Hearts of the Divine

## SoMo

You can say it's hard
Baby that's just life
Time and time and time again
We try to work out all the kinks and call it sacrifice
For everything we want and need
Everything we hope and dream
Time and time and time again we find a piece of love within that only we can seeLove see's
Eyes and mystery
Love finds
Hearts of the divine
Oh woah
Oh woah
Yea Yea Yea
Uh Uh
You can say it's hard but ain't no need to waste your breath
Everybody's got that struggles everybody's got that stress
Every person on this planet wants to feel like they exist
And I'll bet you'll understand what comes next
What comes nextTime to realize
How our words can never fit
Time to make immense
With people we just soon forget
Pain won't take it's toll if you stand and raise yourself against
The bad in all that take control inside you ever sinceBut baby just recognize that if you happen to cry
About things that you and I had battle with all our lives
It's nothing that we can't trust so sit down and dry those eyes
And love in what you got and know the beauty that's inside
You can say it's hard
Baby that's just life
Time and time and time again
You'll live a love that's like pretend beneath the blinding skyDo anything to break the scene
Do anything to try and believe
Time and time and time again
We break the mold that we've been in so we can finally breatheLove see's
Eyes and mystery
Love finds
Hearts of the divine
Woah
WoahLook for beauty in the moment even if it's broken

Love itself is golden and it won't wash away
Love won't wash away
Love won't wash away and we'll say and we'll sayLove see's
Eyes and mystery
Love finds
Hearts of the divine
