

# Keep Young and Beautiful

Emmy Rossum

Athletics, cosmetics, a weighing machine  
Are part of the feminine daily routine  
For what? And oceans of lotions and potions you take  
To keep that old something or other awake  
Why not? Even after you grow old, baby  
You don't have to be a cold baby Keep young and beautiful  
It's your duty to be beautiful  
Keep young and beautiful  
If you wanna be loved, dah-dah-dah-dah Don't fail to do your stuff  
With a little powder and a puff  
Keep young and beautiful  
If you wanna be loved If you're wise, exercise all the fat off  
Take it off, off o' here, off o' there  
When you're seen anywhere with your hat off  
Have a permanent wave in your hair Take care of all those charms  
And you'll always be in someone's arms  
Keep young and beautiful  
If you wanna be loved  
Keep young and beautiful  
If you wanna be loved  
Keep young and beautiful  
If you wanna be loved
