

Like a Drug (Live In New York)

Kylie Minogue

Boy, yeah, you got it, got it
You got me feelin crazy bout my body
I, I cannot, cannot stop it
You got me movin, got me rockin, rockin Make me feel like I can make it real
You got me hooked, getting me on the floor
If Im a tease and youre the one to please
I want more Make me feel like I can make it real
You got me hooked, getting me on the floor
If Im a tease and youre the one to please
I want more Dance like Im the only, only
Like Im the only lady, like you want me
Damn right, I have my radar on you
So lets get physical, I want to, want to Make me feel like I can make it real
You got me hooked, getting me on the floor
If Im a tease and youre the one to please
I want more Never had a ride as delicate and fine
You really blow my mind when we rock, when we rock
I really wanna do everything with you
Things you make me do like a drug, like a drug Like a drug, like a drug
Like a drug, like a drug Make me feel like I can make it real
You got me hooked, getting me on the floor
If Im a tease and youre the one to please
I want more Make me feel like I can make it real
You got me hooked, getting me on the floor
If Im a tease and youre the one to please
I want more Never had a ride as delicate and fine
You really blow my mind
I really wanna do everything with you
Things you make me do Like a drug, like a drug
Like a drug, like a drug
Like a drug, like a drug
Like a drug, like a drug
