

Hoodlife

Blackie Fontana

Blackie never changed homie Blackie just got smarter (huh-huh),

It's not fucking easy everyday is getting harder,
See my father in the mirror wanna line sickest jokes,
I'm nothing like my mother cause her faith is still in hope,
I used to serve tweakers homie now i'm sniffing coke,
I'm still the same hustler but no longer pushing dope,
At the end of my rope it's kill or be forgotten and
If somebody gotta die i'm the one who gets to pop him,
It nothing fucking stopping once the greenlight is in effect,
Dale fucking gas now get your car up in the rev,
Consequences in the game if you playin it incorrect and
Raises all of your failure raise a blade across your neck.

Dis that hood life,
The life is what i'm living,
Dis dat hood life,
Her life is all forgiven,
Dis dat hood life,
Her life is one sin
Dis dat hood life, hood life
I live that hood life
Dis the hood life,
Her life is what i'm living
Dis dat hood life,
Her life is all forgiven,
Dis dat hood life,
Her life is one sin,
Dis dat hood life, hood life
I live the hood life

Fucking with you rappers i forgot who I is,
South side hoodlum with the mother fucking biz,
A whacked piece of shit slicing right between the ribs,
That's what the puto gets for mollesting little kids,
I'm always on surveillance investigating by them feds,
They tryna build a case on me and know my mexicans,
Puro sur trece where you from ese south
Side fontana dejo loco to lo muerte,
Blackie for dis honnor Blackie said it and he meant it,

I'd rather rest in peace than live my life full of resentments,
Always taking flight never think of consequences,
Fuck my enemies leave em ((licky montations???)),

Dis that hood life,
The life is what i'm living,
Dis dat hood life,
Her life is all forgiven,
Dis dat hood life,
Her life is one sin
Dis dat hood life, hood life
I live that hood life
Dis the hood life,
Her life is what i'm living
Dis dat hood life,
Her life is all forgiven,
Dis dat hood life,
Her life is one sin,
Dis dat hood life, hood life
I live the hood life

My life is a living struggle,
Thank god for the hustle,
Made it on my own homie balls brain and muscle
Used to rock a fossil now i ((spovovaros??)),
Wanna fuck a model but hurry 'bout the bottle,

Tag me on a dick blackie wan't to get some follows,
Bitch suck my dick and don't forget to swallow,
Nine with the hollows bareta dats my model,
Mom's praying every day never putting down the bible
Me manda bendiciones porque sabe que soy vago,
Si no vera por mi madre homie yo no se que ago,
Antes que me muero si me mato uno vatos,
And I ain't fucking playing homie,
Blackie know to pop those.

Dis that hood life,
The life is what i'm living,
Dis dat hood life,
Her life is all forgiven,
Dis dat hood life,
Her life is one sin
Dis dat hood life, hood life
I live that hood life

Dis the hood life,
Her life is what i'm living
Dis dat hood life,
Her life is all forgiven,
Dis dat hood life,
Her life is one sin,
Dis dat hood life, hood life
I live the hood life

Dedicated this track to all you southern banging bitches,
I just wan't to get off my nuts,
Fuck you motherfuckers this is Blackie from Fontana THL homie,
Ain't nothing gonna change homie dis the hood life homie,
Live this shit, breath this shit,
