Kick Up the Fire

Jeanette

I look so deep in your eyes, it's so exciting
You're really hitting my spot when you are smiling
Let tomorrow wait, leave it all to fate
You rocked my world, boyKick up the fire tonight, crazy in love
I can't resist you, baby
Kick up the fire tonight, sent from above
Go with the magic, let it flowSave me right now baby, I feel like I'm alive
So kick up the fire tonight, crazy in love
We leave the world behind usI touch on you every time, it's so exciting
The way you're inviting me when you are smiling
Let tomorrow wait, leave it all to fate
Oh, burn it up nowKick up the fire tonight, crazy in love
I can't resist you, baby
Kick up the fire tonight, sent from above
Go with the magic, let it flowSave me right now baby, I feel like I'm alive
So kick up the fire tonight, crazy in love
We leave the world behind us
Oh yeahLet tomorrow wait, leave it all to fate
You rocked my world, boyKick up the fire tonight, crazy in love
I can't resist you, baby
Kick up the fire tonight, sent from above
Go with the magic, let it flowSave me right now baby, I feel like I'm alive
So kick up the fire tonight, crazy in love
We leave the world behind usKick up the fire tonight, crazy in love, yeah, yeah, yeah
Kick up the fire tonight
The fire tonight, oh, yeah, yeah
We leave the world behind us
