Alice

Venus Hum

Stars come to mind
Petal skin and violet eyes
Diamonds, sapphires
There's night sky all around meBig, blue oceans inside of me
Swimming inside of meAlice, hold my face and
Sing me again, EdelweissLying on my back
Oh, the grass is wet
Stars are singing silence to meAlice, hold my face and
Sing me again, EdelweissAlice, hold my face and
Sing me again, EdelweissOn the porch again
Heaviness is in my hands
A voice, let it goAlice, hold my face and
Sing me again, EdelweissAlice, hold my face and
Sing me again, Edelweiss, Edelweiss
