

Misanthropic Carnage

Severe Torture

Spiritual obscenity
Creates my desire to kill
Victims lay down screaming
Ready to be butcheredI open their eyes
For them to see
How I start eating
Of their fleshMental sickness
Overrules my sympathyMisanthropic carnage
Molesting each and every part
Mutilating their souls
Until they'll fear the light
Misanthropic carnage
Slaughtering humanity
With their useless, fucked up minds
They'll crawl for me and die!!!
