Unspeakable

Gracie Metheny

I go up talk to my friends
See u there in the background
Started to act like I was happy
Cause I liked you
Then there's that moment

Unspeakable
I can't talk no more
I'm paralyzed
I'm fragile
But when it comes to you
I can't speak
It's like the ground is shaking
Not only do I get shaky
Unspeakable

I go up talk to the teacher
See u there in the background
Started to act like I was happy
cause I liked you
Then there's that moment

Unspeakable
I can't talk no more
I'm paralyzed
I'm fragile
But when it comes to you
I can't speak
It's like the ground is shaking
Not only do I get shaky
Unspeakable

I can't talk to u
I freeze up
But when I think you like me
I still get

Unspeakable
I can't talk no more
I'm paralyzed

I'm fragile
But when it comes to you
I can't speak
It's like the ground is shaking
Not only do I get shaky
Unspeakable

Unspeakable
I can't talk no more
I'm paralyzed
I'm fragile..
