

Never Will Be Mine (feat. Robyn)

Rye Rye

So, I was sitting outside one day
Waiting for the dude to come down my way,
Praying, wishing, hoping, thinking,
And I felt my emotions sinking.
I've been waiting for the phone to ring,
I check constantly, but it was all a dream
I never thought you could be so mean!
Tired of the waiting, so it's time to come clean
And why do boys have to be so shady?
First it's all good and he's glad you his lady
Baby this, baby that, see another chick and he act like that.
But the thing with me, I can't take it,
Kept it a hundred, was real, now face it!
You gonna eat your words and I'mma make you happen
So, we're ready for the action.'Cause you never were, and you never will be mine
That's right, that's right, that's right
No you never were and you never will be mine
That's right, that's right, that's right
There's a moment to seize every time that we meet,
But you always keep passing me by.
No, you never were, and you never will be mineYo, yo, yo
If you havin' problems with the one you love so much
And you wanna feel his touch,
Put your hand in the air, let them know that you truly care
You don't wanna do the fight fuss,
Getting sick of the love pain,
All the lies and the trust games,
Guessing, age don't make a difference,
And I'm getting fed up, so listen!
First you told me that you loved me dearly,I loved you, did I make that clearly?
And you're thinking that you can play my game,
But I wanna think twice, so retain my claim
And I'm kinda mad at myself, cause I let you get the best of me,
To confess to me, herOh boy, I'm through!
Tell that chick that she better get at you'Cause you never were, and you never will be mine
That's right, that's right, that's right
No you never were and you never will be mine
That's right, that's right, that's right
There's a moment to seize every time that we meet,

But you always keep passing me by.
No, you never were, and you never will be mine
Question: what happened to forever?
Me and you always together!
Too bad I was too much clever, can't be played a fool
That's never.
Suppose she made you happy or whatever
Learn from the past, proceed, get better
Good girl gone mad
Guess you didn't realize just what you had 'Cause you never were, and you never will be mine
That's right, that's right, that's right
No you never were and you never will be mine
That's right, that's right, that's right
'Cause you never were, and you never will be mine
That's right, that's right, that's right
No you never were and you never will be mine
There's a moment to seize every time that we meet,
But you always keep passing me by.
No, you never were, and you never will be mine
