

Cadillac Style

The Honeydrippers

Well, I ain't Burt Reynolds and I ain't Tom Selleck
I got mules up the pike and my car's an old relic
I get Chevrolet pay but I got a big smile
'Cause my little baby loves me Cadillac style
Well I don't have a condo in Panama City
You could say I'm a member of the poor boy committee
But I kinda feel rich when I've been with her awhile
'Cause my little baby loves me Cadillac style
Well, about ten thirty, Lord she puts me in drive
Turns all the lights down and man alive
All eight cylinders are firin' in line
Never out of gas and I'm always on time
Well, I ain't Goldfinger and I ain't Joe Fashion
And you can't buy much with the checks I'm cashin'
So people, if you wonder why, I'm ridin' with a smile
It's 'cause my little baby loves me Cadillac style
Well, about ten thirty, Lord she puts me in drive
Turns all the lights down and man alive
All eight cylinders are firin' in line
Never out of gas and I'm always on time
Well, I ain't Goldfinger and I ain't Joe Fashion
And you can't buy much with the checks I'm cashin'
So people, if you wonder why, I'm ridin' with a smile
It's 'cause my little baby loves me Cadillac style
Yeah, my little baby loves me Cadillac style
Well, my little baby loves me Cadillac style
