Sitting Up Straight

Supergrass

Sitting up straight on the back of a bus
Mimicking time as evening turns to dusk
Well, look at the boy with his face to the floor
Have a little smoke just to pass the time of the day
Oh yeah, oh yeahHe's like me, he'd do anything to get away
I know, can you be there every day?
I know I can believe in you
It means everything and every power to meSitting up straight on the back of a bus
Mimicking time as evening turns to dusk
Well, look at the boy with his face to the floor
I, have a little smoke to pass the time of the day
Hey, hey, hey, heyHe's like me, he'll do anything to get away
I know, can you believe it everyday
I know I can believe in you
It means everything and every power to meSitting up straight
Sitting up straight
Sitting up straight
Sitting up straight
Sitting up straightOn the back of a bus
On the back of a bus
On the back of a bus
On the back of a bus
On the back of a bus
