

# The Low Hum

## Moby

Here I am alone, this empty room  
No sun is living here  
I hear the muffled conversation  
Of the neighbor, through the wall A strand of light hangs on the window  
But I can't help myself  
I'm in love with this isolation The city shimmers, our life the low hum  
And all that glitters may be gone  
And the sun walks in the sky light  
In the spaces, when it starts Raining in and slowly the low hum  
A low hum Like a tourist in some strange hotel  
No time for worrying,  
My little safety, so I will live Here I am, alone, this empty room  
No sun is living here  
I'll be making conversation  
In the spaces ? A strand of light hangs on the window  
And I can't help myself  
I'm in love with this isolation
