Closer

Low

Hold me closer than that
Hold me closer than that
How'd we get here so fast?
Hold me closer than thatOn a dark, raging sea
Ships lay sleeping beneath
Overhead, spinning past
Hold me closer than thatThings we lost in the fire
How'd we ever get by?
Words will never take back
Hold me closer than thatHold me closer than that
Hold me closer than that
How'd we get here so fast?
Hold me closer than that
