i love it when you tease me! you make it seem so easy! when you make my pee pee hard! you make my pee pee hard! damn right hoe you're so sleezy! you give me the hibby jibbies! when you make my pee pee hard! you make my pee pee hard!

turn around girlfriend now drop it. let me see you pop and lock it. put your hands down in my pocket. and make my peepee hard. shut the fuck up bitch, quit talking. i want to see those panties dropping. drop dropping. drop dropping. drop those fucking panties girl!

she's bringing sexy back. look at how she shakes that ass. she drops it to the floor. girl you're such a fucking whore! (x2)

i love it when you tease me! you make it seem so easy! when you make my pee pee hard! you make my pee pee hard! damn right hoe you're so sleezy! you give me the heebby jibbies! when you make my pee pee hard! you make my pee pee hard!

and i love it when you tease me, yeah! you're sexy baby but you know that. you don't have to ask me a million times. if you want to have sex lets make some time. lets take those drugs, lets drink some wine. feel that bottle up baby and make it shine. when i can feel your body next to mine. that when you know it's sexy time. (come on)

she's bringing sexy back. look at how she shakes that ass. she drops it to the floor. girl you're such a fucking whore! (x2)

i love it when you tease me! you make it seem so easy! when you make my pee pee hard! you make my pee pee hard! damn right hoe you're so sleezy! you give me the hibby jibbies! when you make my pee pee hard! you make my pee pee hard!

i know you want me girl. i can tell by the way you stare. your body's calling me. as you shake your dariare. oh yeah! oh yeah! baby, we can bump and grind. oh yeah! oh yeah! we can do this all the time. (x2)
