Its the last I break thatll ever have to with us
And you know that there were some times when I could care ofYou promised me, yea sir
I gave you (down, down, down)
Its the last, last, lastOh its the last I break thatll ever have to with us
And you know that there were some times when I could care ofBut you promised me, yea sir
I gave you (down, down, down)Now its the last I break thatll ever have to with us
And you know that there were some times when I could care ofYou promised me, yea sir
I gave you
