Snowman

Gazpacho

The fog leaves a distant trauma
You feel the ground roar
When it all goes to hellThey say no freedom lies when they say
You love too much
So you pack your only suitcase
And burn by her touchGo
Before I go
I'll tell you all my secrets
They say its past the deadline
They say they've lost control
They let you see their nightmares
Through eyes of coalGuilt is your own anger
You who did not win
Dream a dream of somewhere
As the rope is wearing thinGo
Before I go
I'll tell you all my secrets
Its going to hurt to leave her
Its going to hurt to leave her
Its going to hurtIts going to hurt to leave this
Its going to hurt to leave this
Its going to hurt
