Oh Maselina mama
Do you really know me?
Do you know who I am?
Or to whom you are talking or speaking to?
In fact let me tell you
First of all Iâ€™m staying in my home in Kileleshwa, just imagine
I have two small cars and two big lorries
How can I see you?
Contact me through my mobiles,
In fact I have one of mine and another one of my wife
But let Maselina not come home
My wife will quarrel with her
