## The Forecast

Lay down, let's start a family  
Lay my fears and my failures  
To rest, no more dreams(You can't sleep, you can't see your future)  
You'll lie awake waiting for your moment  
To shine, precious time  
(You can't waste)Just waiting weighed down by the fears  
Of our fathers can't stop us now  
Because waking up with the road  
Moving under our feet is what moves usLay down, you're almost dead now  
You're getting older, we're getting colder  
You're moving out you'll trade your six string  
For a family and a desk and I don't blame you for giving up
