

Get Money Stay True (feat. Papoose)

A-Mafia

Whatcha niggas wanna do
Hundred niggas in my crew
Some wear red, some wear blue
Getting money stay true
Where I'm from is like a zoo
Better keep your gun on you
Same shit ain't nothing new
Gettin money stay true
Spit like I got the flu
Get my click tight like glue
Get it right and then we bloom
Gettin money stay true
Whatcha niggas wanna do
Hundred niggas in my crew
Some wear red, some wear blue
Ey yo this one for the team
Keep the gun in my jeans
Put your jumps to the fiends
Finna slums getting green
Where my flow is so sick
Moving blow by the brick
Bank roll when it's thick
Why you always on my dick
Let's get that pace and on my shine
Niggas say I'm on my mind
Making them dollars signs
Hated that's the bottom line
Got the rolls and the jags
These hoes loves my swag
Try to go where my bag
When your tone gon' get back
In the streets I'm a villain
We eat from the dillan
This cheese I'm billing
Throw my feet to the ceiling
Got the crib and a wife
Watch us living in my life
While you hit in the knife
All them niggas so trife

Whatcha niggas wanna do
 Hundred niggas in my crew
 Some wear red, some wear blue
 Getting money stay true
 Where I'm from is like a zoo
 Better keep your gun on you
 Same shit ain't nothing new
 Gettin money stay true
 Spit like I got the flu
 Get my click tight like glue
 Get it right and then we bloom
 Gettin money stay true
 Whatcha niggas wanna do
 Hundred niggas in my crew
 Some wear red, some wear blue I keep the hawk in my jeans
 Floss with the bling
 My offense is mean
 In New York I'm the king
 Selling soft to the fiends
 The boss on the scene
 Chinese restaurant
 Hot sauce on my wings
 You get tossed for the cream
 Just talk to the queen
 In the box but she still make calls from the dean
 Carried to mats I walk with them things
 2 M's I'm a G like Ross and his team
 Mouth forth and you scream
 You causing a scene
 Blow your brains out
 Show your thoughts and your dreams
 Ow poor prince is clean
 We cautious and keen
 Long since we've been
 My force is supreme Whatcha niggas wanna do
 Hundred niggas in my crew
 Some wear red, some wear blue
 Getting money stay true
 Where I'm from is like a zoo
 Better keep your gun on you
 Same shit ain't nothing new
 Gettin money stay true
 Spit like I got the flu
 Get my click tight like glue
 Get it right and then we bloom

Gettin money stay true
Whatcha niggas wanna do
Hundred niggas in my crew
Some wear red, some wear blue
