

I Said I Love You

Babyface

I said I love you baby
I said I care
So when I tell you that, I love you darling
Won't you understand it means
That I'm always gonna be there, you see
I'm not gonna leave you
I ain't goin' nowhere
When I tell you I love you baby
Cross my heart I will be there Baby come to me
I will chase your tears away
Put your trust in me
Girl I swear, I'll never change
Darling, you will see
That my love is here to stay
And I promise you, I will be true
From here and now, forever girl II said I love you
I said I care
When I tell you I love you
Means I always will be there
I'll never leave you
I ain't goin' nowhere
When I tell you I love you
Cross my heart I will be there Open up your heart
Don't be afraid to love again
We can take it slow
You should know I understand
Baby take your time
I don't care how long it takes
'Cause I promise you, I'm here for you
From here and now, forever girl II said I love you
I said I care
When I tell you, I love you
Means I always will be there
I'll never leave you
I ain't goin' nowhere
When I tell you I love you
Cross my heart I will be there And I will be there
Forever sincere to you
I just wanna share my life with you

Right here, right now, forever girl I Said I love you

I said I care

When I tell you I love you

Means I always will be there

I'll never leave you

I ain't goin' nowhere

When I tell you I love you

Cross my heart I will be there Said I love you

I said I care

When I tell you I love you

Means I always will be there

I'll never leave you

I ain't goin' nowhere
