Turn Me To Love

Keith Whitley

I may not look like much
But I think that with you touch
I could be somebody you'd be proud of
You lend me a hand, understand
I've been such a lonely man
Help me find the hope that I've run out of
Turn around, turn me on, turn me to loveBreak these chains that surround my heart
They've been there long enough
Take my life, you could fix it up
Turn me around, turn me on, turn me to loveI do believe, that you will know just what to do
You can help me find a new direction
I need to live for a change get my world rearranged
I think you might be my love connection
Turn me around, turn me on, turn me to loveBreak these chains that surround my heart
They've been there long enough
Take my life, you could fix it up
Turn me around, turn me on, turn me to love
Break these chains that surround my heart
They've been there long enough
