

Vroom Vroom

Charli XCX

[Charli XCX]

Let's ride

Let's ride

Let's ride

Let's ride Rev the Lamborghini, roll up in a blue bikini

Bitches on the beaches lookin' super cute and freaky

All my friends are princesses, we keep it rich and creamy

Ice cubes on our tongues because we like to keep it freezy

Lam-to-Lamborghini, girls out on the right side

Chauffeur stayed at home because my girl wanted to ride

Lookin' lux and tastin' plux, I'm feelin' so alive

Want to take it to the highway, come on, let's go for a drive All my life, I've been waiting for a good time, a
good time

Let me ride, let me ride

All my life, I've been waiting for a good time, a good time

So let me ride, let me ride

Let me ride, let me ride

All my life, I've been waiting for a good time

So let's ride Vroom vroom

Bitches know they can't catch me

Vroom vroom

Cute, sexy and my ride's sporty

Vroom vroom

Those slugs, no they can't catch me

Beep beep, so let's ride

Vroom vroom

Bitches know they can't catch me

Vroom vroom

Cute, sexy and my ride's sporty

Vroom vroom

Those slugs, no they can't catch me

Beep beep, so let's ride Let's ride

Let's ride

Let's ride

Let's ride Bubblegum-pink Ferrari, yeah I'm so bossy

Sneak in like Alonzo just to crash your party

People are goin' loco when I'm pullin' up to your party

Don't think about consequences, cause they're never gonna stop me, what? All my life, I've been waiting for a
good time, a good time

Let me ride, let me ride
All my life, I've been waiting for a good time, a good time
So let me ride, let me ride
Let me ride, let me ride
All my life, I've been waiting for a good time
So let's ride Vroom vroom
Bitches know they can't catch me
Vroom vroom
Cute, sexy and my ride's sporty
Vroom vroom
Those slugs, no they can't catch me
Beep beep, so let's ride
Vroom vroom
Bitches know they can't catch me
Vroom vroom
Cute, sexy and my ride's sporty
Vroom vroom
Those slugs, no they can't catch me
Beep beep, so let's ride Boom, boom, boom
Hear me coming through the radio
Watch me go zoom, zoom, zoom
Try to catch me but you're too slow
Boom, boom, boom
Hear me coming through the radio
Watch me go zoom, zoom, zoom
Try to catch me but you're too slow
