

Along

Teen Daze

Somewhere down the softest path
I fall into the grass
A violent cloud has covered now
And the sun is falling down
In this dream, halfway between
The earth and where I am
I see you standing beside the water
With the answers in your hand[?] mean to find you here
In this endless place above
Is this the sound of Heaven's song
Or the story of our love
I am here to show you
That you are not alone
So together we drop into the river
And it carries us along
Along
Along
Along
Along
