

# Blank Infinity (Orchestral Version)

## Epica

Trying to keep myself afloat upon this stream  
But a thought is pulling me down  
Pulling me all the way down We are wandering towards a blank infinity  
And extinguishing will now be the only way  
to diminish your sins  
This vortex can't be filled up again  
A hole in space and time Do you cry to the heaven's high  
when you're confined in here?  
Do you not ever wonder  
why these leaden tears will never dry?  
They'll leave behind so many shadows in my mind  
High in the sky, all of the clouds are passing by  
Wait for this storm, wait for the rain  
and wait for the tears to fall down on me Do you cry to the heaven's high  
when you're confined in here?  
Do you not ever wonder  
why these leaden tears will never dry?  
They'll leave behind so many shadows Living in me, living in all the memories in my life  
Do you wonder why  
These tears never dry  
Time forced into life Living in my mind Can we ever find a way in this labyrinth without end? Labyrinth has no  
end  
Which turn should I take?  
Left or right?  
Should I stay?  
Should I be the one?  
Do you cry to the heaven's high  
When you're confined in here?  
Do you not ever wonder why  
This leaden tears will never dry  
They leave behind so many shadows  
This substance in time forced into life  
Still exists because it's here  
living in me, living in all the memories, in my life  
Lost inside blank infinity
