Beautiful

Drew Seeley

Fireworks over disneyland
Airplane will you hold my hand?
Without you all the colors bland
And I can't fake it

Long drives up to pch
Sade sitting by the lake
Sunsets and the milkyway
So we can dream

Beautiful is not beautiful without you
Beautiful is not beautiful without you

Telluride and an afternoon hike
Big bear by the firelight
Thanksgiving and a movie night
When we can't sleep

84 to multinomah
Falls success I want to share it all
Vermont and the smell of fall
And life is grand

Beautiful is not beautiful without you
Beautiful is not beautiful without you
