

# Yo-yo

Nicola Roberts

## YO-YO

I'm the kinda girl who likes to dream a lot, dream a lot,  
Lose myself, staring into my coffee cup, coffee cup,  
You and me, easy to see,  
Why is it a complicated reality?  
All the other girls, they say you're full of it and talking,  
I know what the deal is, I can handle it, handle it,  
You'll come around, stop messing around,  
If you wanna be my baby please tell now,  
Don't want to be the last to know-o-o-o,  
Will it be a yes or no-o-o-o,  
You're swinging me up, you're swinging me down,  
I feel like a yo-yo-yo-yo-yo-yo,  
If you would only know what you have done to me, done to me,  
Everytime we meet its like I'm all day long to get ready,  
Tried all the tricks, check out my list,  
Voodoo, yoga, diet soda, look at me now,  
Don't want to be the last to know-o-o-o,  
Will it be a yes or no-o-o-o,  
  
You're swinging me up, you're swinging me down,  
I feel like a yo-yo-yo-yo-yo-yo,  
Don't want to be the last to know-o-o-o,  
Will it be a yes or no-o-o-o,  
You're swinging me up, you're swinging me down,  
I feel like a yo-yo-yo-yo-yo-yo,  
All of the things you're saying, I'm hanging on your every word,  
All of the things you promised, I'm trying so hard to make it work,  
All of the things you whisper, I get more crazy everyday,  
All of the things you're talking, all of the things you're talking,  
I'm in the mirror crying for you, should I come or go?  
The way you make feel so good, it's like no one else,  
I'm wrapped right around your finger, and I can't let go,  
I can't let go, I can't let go,  
Don't want to be the last to know-o-o-o,  
Will it be a yes or no-o-o-o,  
You're swinging me up, you're swinging me down,  
I feel like a yo-yo-yo-yo-yo-yo,  
Don't want to be the last to know-o-o-o,

Will it be a yes or no-o-o-o,  
You're swinging me up, you're swinging me down,  
I feel like a yo-yo-yo-yo-yo-yo.
