

Call On the Lord

Kirk Franklin

When you're weary and discouraged and you're feeling down and low
When your friends forsake you and you have no place to go
When your burdens seem too hard for you to try and bear
Just call on the Lord and He will be right there
Just call on the Lord and He will be right there There have been times when I felt so all alone
Feeling like, all my hope was gone
I laid awake in my bed at night
I was wondering, wondering, wondering
If everything would be alright Then the Master calmed the sea
I know He came down from Heaven and He rescued me
Just call, call on the Lord and He'll, He'll be right there There have been times when I felt so all alone
Feeling like, feeling like all my hope was gone
I laid awake in my bed at night
I been wondering and hoping that things would be alright Then the Master calmed the sea
And He came down from Heaven
And He He He rescued me
Just call, call on the Lord and He'll
He'll be right there when you're weary [Incomprehensible] call on the Lord
[Incomprehensible] call on the Lord
[Incomprehensible] call on the Lord
[Incomprehensible] call on the Lord Why don't you
Call Him, call Him, call Him, call Him
Call Him, call Him, call Him, call Him
Call Him, in the morning
Call Him, in the evening
Call Him, call Him His name is Jesus, Jesus, Jesus, Jesus, Jesus, Jesus
Just call on the Lord and He'll be right there
Just call on the Lord and He'll be right there
