Company

The Waifs

well my head
looks to the sky
will this pain ever end?
you know I'm lonely,
I want some understanding
someone to talk to
Someone to be there and hold me, yeah
I'm feeling down
running around
inside myself
and its confusing meI just need company
I can't stand it here by myself
I just need companyHere I go again
Oh I'm breaking down
lord how I try, Im trying so hard
to get my feet on the ground
I wanna keep em there
i wanna keep em there
but something's changed in meI just need a little company
I can't stand it here by myself
I just need company
'do do do'sWhen you're not here
I can't see the road ahead
When you're not here
Something deep in me is dead X 4I just need a little company
I can't stand it here by myself
I just need a company
I can't stand it here by myself X 3
