

# Smash It

## Zowie

I want you to break  
Want you to say my name  
What is it gonna take?  
(I-I-I wanna, wanna) Tonight I'll tear you apart  
I'll take you off the chart  
My foot is off the brake  
(I-I-I wanna, wanna) Crash it, bash it  
Captain fantastic  
Hit it, unzip it  
I wanna whip it I'ma love to get you down  
Are you with it?  
I'ma love to beat you out  
Of my system  
Overdrive, all the time  
Hit you up until you're mine  
I'ma love to get you down Smash, smash, smash, sma- sm-  
Smash, smash, smash, sma- sm-  
Smash, smash, smash, sma- sm-  
Smash  
I wanna smash it I'm just a big bully  
I wanna make you scream  
Or something more obscene  
(I-I-I wanna, wanna) I wanna play you loud  
And blow your ear drums out  
Then knock you about  
(I-I-I wanna, wanna) Crash it, bash it  
Captain fantastic  
Hit it, unzip it  
I wanna whip it I'ma love to get you down  
Are you with it?  
I'ma love to beat you out  
Of my system  
Overdrive, all the time  
Hit you up until you're mine  
I'ma love to get you down Smash, smash, smash, sma- sm-  
Smash, smash, smash, sma- sm-  
Smash, smash, smash, sma- sm-  
Smash  
I wanna smash it Smash, smash, smash, sma- sm-

Smash, smash, smash, sma- sm-

Smash, smash, smash, sma- sm-

Smash

I wanna smash it I'll stitch you up, I'll take your pulse

Am I making the right conversation?

I'll check you out, I'll take you home

Am I making the right conversation? I'm a love to get you down

Are you with it?

I'm a love to beat you out

Of my system

Overdrive, all the time

Hit you up until you're mine

I'm a love to get you down I'm a love to get you down

Are you with it?

I'm a love to beat you out

Of my system

Overdrive, all the time

Hit you up until you're mine

I'm a love to get you down Smash, smash, smash, sma- sm-

Smash, smash, smash, sma- sm-

Smash, smash, smash, sma- sm-

Smash

I wanna smash it Smash, smash, smash, sma- sm-

Smash, smash, smash, sma- sm-

Smash, smash, smash, sma- sm-

Smash

I wanna smash it I'm a love to get you down

I'm a love to get you down

I'm a love to get you down I'm a love to get you down
