X-Treme Measures

Destruction

You'll hate the day that you're born
Before you know your life will be torn
Your future is over before it began
You can't twist your fate, you better runX-TremeWe have the tendency to suffer
It makes our life fuckin' tougher
Why aren't we able to satisfy your needs?
You call it progress, I call it creedX-Treme
X-Treme
X-TremeX-Treme words have nothin' to say
X-Treme life, only pain will stay
X-Treme fear, part of the puppet show
X-Treme measures, how far to go?X-Treme evolution brings us sorrow
We're movin' too fast for a better tomorrow
The pressure's too high we can't keep the pace
Our mercenary eats our own fuckin' raceX-TremeWe have the tendency to suffer
It makes our life fuckin' tougher
We are the evil to satisfy your needs
You call it progress, I call it creedX-Treme
X-Treme
X-TremeX-Treme words have nothin' to say
X-Treme life, only pain will stay
X-Treme fear, part of the puppet show
X-Treme measures, how far to go?X-Treme words have nothin' to say
X-Treme life, only pain will stay
X-Treme fear, part of the puppet show
X-Treme measures, how far to go?Our children will get trained, the strong will survive
Don't really wonder if they rip each other with a knifeStatus symbols, trendy look and designer clothes
The jealousy of those who can't afford it, it growsOur children will get trained, the strong will survive
Don't really wonder if they rip each other with a knife
With pressure we design, a second class childhood
In a part of life we're, it's easy to be misunderstoodX-Treme words have nothin' to say
X-Treme life, only pain will stay
X-Treme fear, the part of the puppet show
X-Treme measures, how far to go?X-Treme words have nothin' to say
X-Treme life, only pain will stay
X-Treme fear, the part of the puppet show
X-Treme measures, how far to go?The competition does create a faceless identity
The perfect creature means our end, you'll see
